"Wild About Learning"

Levelland Intermediate is committed to producing young men and women of character on our way to becoming an Exemplary campus. In an effort to love and nurture all students, we will strive to develop relationships with students and parents that encourage a love of learning. With these strong relationships in place, we will grow pride in being future Lobos and Loboettes.

Our primary vision at Levelland Intermediate is to create and maintain a culture in which we are...working together...learning together. These are not just words. We want to always partner with you in making your child successful. If you ever have any question or concern, please come by or call us at 894-3060.

We Encourage Parents to...

- Be patient with your child and with our staff as we implement CSCOPE, which is a state-wide curriculum and scope/sequence for your child's learning. CSCOPE gives us a guaranteed curriculum that is more rigorous in order to meet the coming demands of new state-wide testing that will be implemented in 2011-12. CSCOPE will also help us meet our goal of college readiness throughout LISD. Communicate with your child's teachers in the event that he/she may not perform as well at times as he/she is accustomed. In the long run, your child will achieve more growth with the more rigorous curriculum. However, your child will receive extra opportunities for instruction if they are struggling. Grades are not written in stone as our teachers are constantly looking for improvement.
- Start thinking and talking with your child about going to college in the future. It is not too early to learn and grow in readiness for all that college offers, and your child needs and deserves the opportunities that a college education provides.
- Get involved with our Skyward Parent Access to your child's grades. You should have received a sign-up form about parent access. Return the form to Mrs. Bautista with your correct information, and you will be able to enjoy checking on your child's success at your convenience.
- Use "Our Levelland" blog on the LISD website for news about our school. Click on the flashing Lobo and select Levelland Intermediate. Now you can respond positively about events/happenings in your classroom or at our school and read others' comments.
